Hello

The tow contractors used for the operations to clear the protest areas were approached to see if they would provide service. The heavy tow providers (two companies) both are contractors with the Ministry of Transportation Ontario (MTO). The rates were based on MTO contractor prices. The light duty tows were arranged by Ottawa Police I am not sure what the arrangements were related to costs. I do not believe the EO was used to make them tow but it was referenced in relation to protection and compensation if damage occurred related to the protest. If you have further questions I can provide further information.

Thank you

Hi Kirk,

Nice to e-meet you. I am being asked the following question:

Did OPP use EA on tow companies yesterday in Ottawa?

For clarity, does this include the OPS tow plan? Ie: I am assuming there was an integrated approach to contracting the tow companies between OPP & OPS? RCMP involved?

Thanks,

Kelly

Good morning Kirk,

I'm just doing a quick e-mail intro to Supt. Kelly Bradshaw, RCMP – Silver Command. She has a few questions for you re: if/how the Federal EA Orders were used and/or positively impacted the Tow Plan.

Carson Pardy, C/Supt.
Regional Commander – North East
